September 2022

Premier Club Members,

School has started! The kids should be settling in with their new teachers and classrooms. They will get a break from getting up early with the Labor Day holiday weekend. I don't know about you but there are times that I think the students have too many days off. What happened to the good old days when we went to school no matter what? I remember going to school on Labor Day and we didn't even have air conditioning!

I want to thank Zac Johns, Mayor of Bennington, for speaking at our meeting in August. He was able to share many of the things that are happening in and around our community. Of course, there were things he couldn't tell us for legal reasons. We will just have to wait and see what those turn out to be. Bennington is growing at an alarming rate. We need to be ready for this growth and what it brings.

Our next meeting will be September 8 at 9:30 at St. John's Fellowship Hall. It seems early in the month but that's just how the calendar falls. Our speaker will be Dr. Terry Haack, Superintendent of Bennington Public Schools. I'm sure he will have lots to tell us! If you have any questions concerning the school or things that are happening with the school, now would be the time to get the answers to your questions.

I am glad that we have had some rain (at least as I am writing this) and somewhat cooler temperatures. I'm not ready for the shorter days and longer nights. That's a sign that winter will be here before we know it. I do hope that we have a real fall that lasts a long time. It seems like we have missed out on that lately. I guess we will have to wait and see on that also.

Bring your questions to the meeting on September 8! I'll plan to see you there!

Happy Labor Day! Take care,

Dee Clark
