January 2024

Premier Club Members:

The holiday season is over. I hope all of you had a wonderful Christmas and didn't celebrate too much on New Year's Eve. It seems like we work forever to get ready for everything and it's over in a flash! Most everyone has taken down their decorations inside and outside. There are those few who like to leave them up a little longer. This is OK, as it adds a little something to the usual dreariness of January. I took my outside lights down shortly after New Year's. I found a halfway warm day to complete this project. It was better than waiting until the really cold weather gets here which is what usually happens.

Thanks to everyone who attended the Christmas luncheon. I hope all of you had a good time and enjoyed the food and entertainment. The BHS choir members who sang sounded awesome! We are lucky to have such talented students attend BHS, as well as Tye Hanke, their great director.

Our next meeting will be Thursday, January 11 at 9:30 at St. John's Fellowship Hall. Our speaker will be Jim Zoulias. He will be telling us about his 26+ years in the Navy, along with what a military life is like for a family. He has had a variety of jobs and experiences in his career and also learned many lessons in leadership that he will be sharing. You won't want to miss this interesting topic.

If you have an email address, I would appreciate you sharing it so this letter can be sent to you that way. The cost of postage is going up again at the end of January. If we can help to cut the expense even a little bit, it will be appreciated. You can send your email address to Becky Davison, i3 Bank's IT person, at BDavison@i3.bank or, if you prefer, you can send it to me at dlclark410@gmail.com and I will forward it on. I thank you in advance for sharing!

Again, as a reminder if there is inclement weather on the day of our meeting and Bennington Public School does NOT have classes, there will be NO meeting. If the students aren't going to be on the streets, none of us need to be either! We should just stay home!

It's January and as my dad always said, "The days get longer and the cold gets stronger!" I hope this doesn't come to pass. I know we need the snow for moisture and cover but is there somehow it can just fall on the ground and not the streets?!? Is there someone who can help with this? 🤔 🤔

Hope to see everyone at the meeting on January 11! Take care and stay warm.

Dee
